## ABOUT ME

- Motivated and detail-oriented second year Computer Science student with a strong passion for Artificial Intelligence and Machine Learning. A highly motivated and aspiring professional seeking an opportunity to gain practical experience and contribute to innovative projects. Passionate about leveraging Artificial Intelligence and Machine Learning technologies to develop solutions for real-world challenges. Well-versed with Web Development and Full Stack Development. Beyond my technical skills, I possess strong problem-solving abilities, adaptability, and a keen eye for detail. I thrive in collaborative environments and enjoy working with diverse teams to develop creative and effective solution.

## TECHNICAL SKILLS

- Python
- Java
- SQL
- Web Development
- Full Stack Development

## EDUCATION

**S.R.M Institute Of Science And Technology | 2023-2027**

Bachelor of Technology [BTech]

- CGPA:9.6

## PROJECTS

- **Website blocker** - Chrome extension that allows users to block and unblock websites using their URLs.

- **Jumbled words quiz game with Morse Code –**This interactive game challenges players to decode and rearrange words, making learning Morse code both fun and engaging.

- **Kinship In Christ –** Kinship in Christ is a church community management app built using Flutter. It allows families to register, view members, read church bulletins, and make donations. Key features include multi-step family registration, GPS-based address autofill, local SQLite storage for offline functionality, and a user-friendly dashboard for seamless church engagement.

## EXPERIENCE

**Internship | 2025**

OASYS Cybernetics Pvt Ltd

## LEADERSHIP & INVOLVEMENT
